

THERMAL PIPE EXPANSION

ATS - Slip Type Expansion Joints

ATS Slip Type Expansion Joints have a remarkable ability to allow piping systems to safely absorb axial pipe expansion.

- Slip traverses: 4", 8", 16", 20", 24"
 - Use in lieu of large expansion loops
 - Use 1 ATS joint in lieu of 3 bellows joints
-
- ✓ HPI Injectable Packing & Bronzalon Guides
 - ✓ 100% radiographed longitudinal welds
 - ✓ Concentric machining of guide surfaces after body welding
 - ✓ Certified 2 mil hard chrome
 - ✓ 6 Rings of Graphite Fiber Packing
 - ✓ ½" couplings for factory packing
 - ✓ Slip surface ground to 16 RMS b4 plating
